

Third Grade AMI Lessons (Days 6-11)

Day 6

- Read Poem: What to Feed a Dragon.
- Complete the Comprehension Questions.
- Complete the Word Scramble.
- Create a story by adding by following the directions for each line of the story.
- Proofreading paragraphs page 21
- Basic Division Facts
- Acorn Park: Using cardinal and intermediate directions.

Day 7

- Read Rosa Parks.
- Complete the comprehension questions.
- Use proofreading marks to correct the paragraphs. Page 23
- Complete the Telling Time worksheet.
- Space Ship Search: Use cardinal and intermediate directions to complete the page.

Day 8

- Read Pollution.
- Complete the comprehension questions and write a paragraph.
- Use proofreading marks to correct each paragraph. Page 25
- Complete the Basic Multiplication Facts.
- Use cardinal directions to complete Finding Your Way Around Town.

Day 9

- Read Animal Madness with Professor Al Ligator.
- Complete the web and answer the comprehension questions.

Day 9 continued

- Match each vocabulary word with its definition.
- Use proofreading marks to correct the paragraphs. Page 27
- Complete the Time Match problems.
- Complete Pirates Booty by using cardinal directions.

Day 10

- Read A Reptile of Many Talents.
- Complete the questions for A Reptile of Many Talents.
- Fill in the missing letters to form vocabulary words from the story. (Use the clues and your story to help you.)
- Complete the writing. Write 2 paragraphs.
- Use proofreading marks to correct the paragraphs. Page 29
- Complete the Elapsed time problems. Show how you got your answer.
- Complete A Picture From Above: Floor Plans

Name: _____

What to Feed a Dragon

by Kimber Krochmal

I have a new pet dragon.
He followed me from a dream.
But I can't tell my mom,
It would only make her scream.

I tried to feed him fried rice,
But he didn't like the spice.

So I tried to feed him applesauce,
But he said it made his eyes cross.

I tried to feed him gingerbread,
But he said it only hurt his head.

So I tried to feed him peanut butter,
But it got stuck and made him stutter.

I tried to feed him watermelon pie,
But that, he said, he wouldn't try.

So I tried to feed him sprinkle cake,
But he said that would keep him awake.

I tried to feed him last night's dessert,
But he said it made his stomach hurt.

So I tried to feed him some fish,
But he really didn't like that dish.

Then I tried to feed him cheese,
That's when he said "more please."

Now my mom is wondering why,
We can't keep cheese in the house.
I heard her last night telling Dad,
She thinks we have a mouse.

Name: _____

What to Feed a Dragon

Vocabulary

The words below are scrambled words from the poem.

Unscramble each word and write in on the line.

Be sure you spell the words correctly when you unscramble them.

1.

e	s	e	r
s	d	t	

Clue: sweet snack served after dinner

2.

a	e	l
e	p	s

Clue: polite word to use when you ask for something

3.

t	t	t	r
u	e	s	

Clue: to have trouble speaking

4.

c	o	t	h
m	s	a	

Clue: organ in your body that holds food

5.

d	m	a
r	e	

Clue: something your brain does while you sleep

6.

p	p	a	a	e
u	s	c	l	e

Clue: soft food made from a red fruit

Proofreading Marks

Use these marks to show corrections.

Mark	Meaning	Example
✂	Take this out (delete).	I love to to read.
Ⓔ	Add a period.	It was late [Ⓔ]
≡	Make this a capital letter.	First prize went to <u>maria</u> .
/	Make this a lowercase letter.	We saw a Black Cat .
—	Fix the spelling.	This is our ^{house} hause .
△	Add a comma.	Goodnight [△] Mom.
∇	Add an apostrophe.	It's mine.
↕ ↕	Add quotation marks.	"Come in," he said.
! ? ^ ^	Add an exclamation point or a question mark.	Help! Can you help me?
∧	Add a hyphen.	I've read three-fourths of the book.
○	Close the space.	Foot [○] ball is fun.
△	Add a word.	The ^{pen} pen is mine.
-----	Underline the words.	We read <u>Old Yeller</u> .
:	Add a colon.	Alex arrived at 4:00.

Name: _____

Time: _____ minutes **Score:** _____ out of 50

Name: _____

Rosa Parks

Rosa Parks helped change the laws in America. Because of her actions, everyone in America has equal rights.

Rosa Parks was a black woman born in 1913 in Alabama. At that time there were laws segregating black and white people. Segregating means keeping them apart.

Rosa Parks went to a school with all African American students. Whites and blacks were forced to go to different schools. After she got her high school diploma, she helped her family earn money by working as a seamstress in a department store.

Rosa Parks became famous when she was sitting on a bus and refused to give up her seat to a white man. There was a law in Alabama that said black people had to leave their seat on a bus if a white person wanted to sit down. She believed she had dignity and whites were not better than her because she was black.

Rosa Parks was arrested for not giving up her seat. She still felt she did the right thing. After that, all African Americans boycotted the bus for over a year. They also held many peaceful protests. Martin Luther King, Jr. also helped in the protests.

Rosa Parks believed everyone should be treated equally and refused to give up her seat on the bus.

A year later, the Supreme Court ruled that segregation was illegal. Now whites and blacks could go to the same schools. They did not have to give up their seats on buses. They had the same rights as everyone else in America.

Rosa Parks is considered a hero today because she believed everyone should be treated equally. She was honored in 1996 by President Bill Clinton, who gave her the Presidential Medal of Freedom, the highest honor a citizen can receive.

Dear Mrs faith ringgold;

i found your song, "Anyone Can Fly, on
 your Web site My teacher Mr cohen, let me
 teech it to the class

WEDNESDAY

WEEK 3

Everyone in the class liked "anyone can fly."
 i hope You write more songs mr. cohen is now
 reading The Invisible Princess to us. The story
 quilt drawings are wunderful. Next, i am going
 to read bonjour, lonnie

Your fan

Compasses

Space Ship Search

Gus Galactic needs help in identifying these alien spaceships. Write a ship's letter in each blank to solve these riddles.

- | | | | |
|--------------------------------------|-------|---------------------------------------|-------|
| 1. I am N of Ship H . | _____ | 6. I am SW of Ship B . | _____ |
| 2. I am E of Ship Z . | _____ | 7. I am NE of Ship Z . | _____ |
| 3. I am SE of Ship Z . | _____ | 8. I am NE of Ship I . | _____ |
| 4. I am S of Ship O . | _____ | 9. I am SE of Ship U . | _____ |
| 5. I am NW of Ship Z . | _____ | 10. I am NW of Ship B . | _____ |

Cosmic Challenge

Start at Ship H. Travel in the orbit given. Which ship will you dock with?

- | | |
|--------------------------------|--------------------------------|
| 1. Go NW to Ship _____. | 5. Go SE to Ship _____. |
| 2. Go NE to Ship _____. | 6. Go NE to Ship _____. |
| 3. Go NE to Ship _____. | 7. Go NW to Ship _____. |
| 4. Go S to Ship _____. | |

This is your docking station.
Congratulations!

Pollution

Pollution means any dirtying of air, soil, or water. There are 11
 four different types of pollution. Air pollution is caused when 21
 harmful gases go into the air. The smoke released from 31
 burning fuel, factories, and cars are major sources of air 41
 pollution. Air pollution is one of the major causes of coughs, 52
 asthma, and burning eyes. Water pollution is caused when 61
 dirty water drains through the pipes into rivers and oceans 71
 dirtying the water. Chemicals from factories sometimes drain 79
 into rivers. There are many diseases you can get from 89
 drinking polluted water. Land pollution is caused when 97
 garbage is thrown on the ground. This can also cause 107
 diseases. The fourth type of pollution is noise pollution. That 118
 is when music or other noise is too loud. 126

Name _____

A Salty History

Did you know that salt is a mineral that forms in the ground. The salt that is removed from salt mines is a rock called "halite." You are really sprinkling tiny rocks on your food. When you use a salt shaker you can also get salt from seawater. The ocean's salt is very pure. Many people think it tastes better than table salt. Mmm. which salt do you prefer?

- questions
- apostrophes

MONDAY

WEEK 4

Do we need salt? Yes, we do. Our cells need salt to stay alive. As a matter of fact, salt makes up nearly one percent of our bodies: blood and cells. Salt is used to preserve foods because it kills germs. Salt is also used to make glass, soap, and other items. One kind of salt is used in popular ice-cream machines.

- questions
- apostrophes

TUESDAY

WEEK 4

Finding Your Way Around Town

Directions: You are in the middle of the town square. Circle the correct answer to each question.

1. What direction is the library from you? north west south
2. What direction is the bookstore from you? west east south
3. What direction must you go to reach the post office? east north west
4. Which direction must you go to get to the park? north west east

Use crayons or markers to complete the map.

1. Place a red X on the first place north of the library.
2. Place a black X on the place east of the post office.
3. Draw a red circle on the place west of the dress shop.
4. Draw a blue fish on the place south of the bookstore.
5. Draw three trees east of the library.
6. Draw a movie theater east of the dress shop.
7. Draw a car south of the dress shop.
8. Draw a slide east of the school and west of the post office.
9. Draw doors and windows on the first building north of the lake.
10. Draw a yellow bus south of the place which is west of the post office.

Animal Madness with Professor Al Ligator

By Lydia Lukidis

Hi kids! I'm Professor Al Ligator and I love animals! I love smelly animals and big-bellied animals, slimy ones, and tiny ones. They are all special in their own way. Today we're going to talk about vertebrates. Vertebrates are animals with a backbone. There are five different groups of vertebrates.

The first group is mammals. Guess what? You and I are mammals. So are dogs, cats, horses, and kangaroos. Mammals have hair or fur. The mothers give birth to their young. They nurse them with milk. Mammals are warm-blooded. That means their body temperature stays the same if it's hot or cold outside.

Sssssss....I hear some creepy snakes! They belong to our second vertebrate group, reptiles. Reptiles are cold-blooded, which means their body temperature depends on whether or not it is hot or cold outside. Reptiles don't have fur like cats and dogs. Instead, their skin is dry. It is covered with scales that protect them. They usually lay eggs on land. Snakes, lizards, crocodiles, and alligators are all reptiles. But reptiles can be cute too, like fun-loving turtles!

There are also birds. Birds have both feathers and wings. The wings help them fly and the tails help them steer. Birds are warm-blooded and also lay eggs. Do you know what the most humongous bird is? I'll give you a hint; it starts with the letter "o." If you guessed

Name: _____

Animal Madness with Professor Al Ligator

By Lydia Lukidis

1. Fill in the graphic organizer with the types of vertebrates you learned about in the reading passage, "Animal Madness with Professor Al Ligator".

2. According to what you read in the reading passage, what are traits of mammals? Put a next to each answer that is correct.

- Mammals have scales or hairless skin.
- Mammals give birth to live young.
- Mammals are warm-blooded.
- Mammals have hair or fur on their bodies.

3. In your own words, describe what makes amphibians different from the other types of vertebrates.

Time Match

Match the time on the left with the same time on the right.

_____ 4:05

_____ 4:10

_____ 4:15

_____ 4:30

_____ 4:45

_____ 4:50

_____ 4:55

a. five minutes after four

b. five minutes to five

c. ten minutes after four

d. ten minutes to five

e. quarter after four

f. quarter to five

g. half past four

Now, try these...

_____ 12:15

_____ 12:20

_____ 12:25

_____ 12:30

_____ 12:35

_____ 12:40

_____ 12:45

a. half past twelve

b. twenty minutes after twelve

c. twenty minutes to one

d. twenty-five minutes after twelve

e. twenty-five minutes to one

f. quarter to one

g. quarter after twelve

A Reptile of Many Talents

by Kelly Hashway

What animal has feet like a parrot, can see in more than one direction at a time, and has a tongue that can move with incredible speed? It's not a bird. It's not a frog. It's a chameleon.

If you've ever looked closely at a chameleon's toes, you'll see they have parrot-like feet. Each foot has five toes grouped as two together on the outside and three together on the inside. The toes are fused this way to help the chameleon grip branches. These toes also have sharp claws, making chameleons great climbers.

Their feet aren't the only interesting thing about their bodies. A chameleon's top and bottom eyelids are joined together with just a tiny opening big enough for the pupil to see through. Unlike humans, chameleons can look at two different things at the same time by moving their eyes in different directions. This allows them to see in a full 360-degree circle around their bodies. They have very good eyesight, especially when they focus both eyes on the same target. They are able to see tiny insects from long distances, which is very helpful when hunting for food.

They have extremely long tongues, sometimes even longer than their body length. These tongues can extend so quickly the human eye can't follow it. The chameleon's tongue can snatch up its prey in about thirty thousandths of a second. How does the tongue move so quickly? Well, the tongue operates a lot like a bow and arrow. The tongue catapults out of the mouth, giving it the speed it needs to reach the prey before it gets away.

One of the chameleon's most interesting talents is the ability to change the color of its skin. Between the different species of chameleons, they can turn all the colors of the rainbow,

Name: _____

A Reptile of Many Talents

by Kelly Hashway

1. Which continent does not have wild chameleons?
 - a. North America
 - b. South America
 - c. Asia
 - d. Africa
2. How quickly does a chameleon's tongue snatch prey?
 - a. thirty thousand seconds
 - b. thirty thousandths of one second
 - c. 0.3 seconds
 - d. 30.100 seconds

3. Complete the graphic organizer.

4. Tell whether each sentence from the article is a fact or opinion. Write **F** or **O** on each line.
____ One of the chameleon's most interesting talents is the ability to change the color of its skin.
____ The toes are fused this way to help the chameleon grip branches.
____ They inhabit tropical rain forests and even deserts.
____ All of these special features make the chameleon an interesting member of the reptile family.

a. How many hours is Sullivan's Hardware Store open on Friday?

b. How long is Sullivan's open on Saturday?

c. Dennis arrived at Sullivan's at 10:15 A.M. on Saturday. How long will he have to wait for the store to open?

d. Suppose it is 6:30 P.M. on Wednesday. How much longer will the store be open?

e. Suppose it is 6:30 P.M. on Saturday. How long ago did the store close?

f. Suppose it is 4:30 on Friday. Janice wants to go to the hardware store. It will take her 35 minutes to drive to the store from home. Can she make it before the store closes?
