

Arkansas Comprehensive School Improvement Plans (ACSIP)

Starting with the 2015-2016 school year, the school improvement process and related ACSIP Plan for the district as well as each school within the district changed to be housed in the Indistar system. This process seeks to encourage greater involvement on the part of all staff members, parents, and the local community in our efforts to continue in our efforts to improve our district curriculum, programs, and staff professional growth to benefit all of our students.

Below you will find the guest Indistar access information for you to view our process and progress in developing our ACSIP Plan for the district as well each school within the district.
